

COCAINE IS BIG BUSINESS

Why are government officials legalizing death-dealing cocaine and heroin? Because it's profitable... and part of the Globalist plan to kill off the White middle class.

The 2006 Census was all about determining which neighbourhoods were too White and middle class. Prior to this census, we had no noticeable problem with immigration... but, just look around you at the changing face of the Canadian person. Are we the same people we once were!? NO. Are we the people our ancestors thought we would become!? NO! Will we ever be the same!? Absolutely not!

This is the true nature of the quiet genocide happening all around us—the bloodless war being waged against us using our own happy natures to our very detriment. Our grandparent's dream died in their children's hearts ere they matured due to

international lobbyists and all the greedy liars in parliament. Note: You have the Senate to thank for every gross indecency committed in the country because of them legalizing “sodomy” (which are not two buggers pleasuring each other, but rather every ‘unspeakable’ act of gross indecency imaginable).

We had no problems with ‘immigration’ prior to our Globalist masters ordering their “little fart,” Jesuit-educated PM P.E. Trudeau to invite the Third World into our homes and families. Since then the Cultural Marxist ideal of “multiculturalism” has brought goyische Canada to the brink of destruction.

The situation is hopeless and our doom inevitable.

Multicultural Third World Immigration is the Worst kind of Colonialism.

Sure! Anti-White, anti-Canadian Tradition & anti-Christian Bigotry is Worse, eh!

We are not a familial nation of related individuals—as we once were! White & Native!

We are now and forever more will be naught but CURRENCY-SLAVES... owned by a “BANKRUPT” CROWN CORPORATION: Who issues your birth certificate!? if you were a trueborn Canadian—its the Bank of Canada, which is an extension of the International Banks pushing for a “one world government” and its “militarized police force” that enforces a dystopic ‘anti-human’ lex talionia... and a New World Order indoctrination system of mind-control, reeducation camps, and gulags: but, for all us useless eaters and non-essential workers... its the ‘needle’!

A government of lazy-minded self-serving ignoramuses who refuse to go in to the office to run the Nation's business is destined to fail... but first they'll anonymously institute ‘anti-family laws’ to enforce abortion and euthanasia for “a once free” people like any of us good folk!

After fomenting rebellions throughout the 19th century, the Crown Corporation (in London) in league with the House of Windsor, decimated our First Nations peoples' sovereignty, especially the French-speaking Métis of Red River and Batoché... they also initiated the Opium Wars in China, profiting the Judaic Sassoon banking family and multi-millionaires like John Jacob Astor and/or Russell & Co.: These bankster ‘pimps’ and ‘war-mongers’ thence started the Satsuma Rebellion in Japan and the Boer Wars in South Africa, next creating a genocide in Greece and a holocaust in Armenia... all as prerequisites for the Second Thirty Years War (1914-1945) and Imperial Communism.

The War in Afghanistan was for House of Windsor and 322 Bush family possessions of its opium fields.

Since then... the “Opiod Crisis” flourishes.

FREEDOM LAYETH IN OPEN REBELLION. DEATH IS YOUR REWARD FOR SUBSERVIENCE... SO WHAT HAVE YOU TO LOSE? REMEMBER: GOVERNMENT IS AN AGENCY OF THE INTERNATIONAL BANKS (WHICH OWNS YOU AND YOUR CHILDREN). & SLAVING BANKERS, BUREAUCRATS, JUDGES, LAWYERS, POLITICIANS, & RICH LANDLORDS ALL FEAR FREE PEOEPLES.
